FORCING SNAPDRAGON EMBERS

A new novelty color in winter flowering Snapdragon. General color effect is a glowing carmine, intensified under artificial light, that blends well with other flower colors. Fragrant, rust resistant and free flowering. Not a variety for a main crop, but worth while to round out your collection.

Tr. Pkt. \$2.00, 3 Pkts. for \$5.00

ANTIRRHINUM RUSTPROOF

The new Rustproof Snapdragon introduced last season are much lower in price and in this respect compare favorably with the ordinary sorts. With regard to their value there is no comparison. Listed on page 5.

BEGONIA PINK PEARL

A duplicate of Red Pearl in pink. Dwarf, compact bushes with rich salmon pink blooms that literally hide the bronze green foliage. This variety is especially recommended as a winter flowering pot plant, and for a reasonably priced item it cannot be surpassed.

Originator's Pkts. \$1.00

BEGONIA ROSE BOIS DE VAUX

A new introduction that seems to be an improvement on the old favorite Chatelaine. The growth is compact and pyramidal with masses of soft pink blooms.

Tr. Pkt. \$1.00

CALCEOLARIA IMPROVED FLOWER CLOUD

A new type that has been fixed after four years of hybridization. Characterized by a uniform, vigorous, and healthy growth requiring practically no staking. The good-sized flowers come in a wide range of spotted and tigered colors and are produced in immense masses. A remarkable feature is that under cool airy conditions, a plant will remain in good condition about three months.

Tr. Pkt. \$1.00

CALENDULA Campfire (Sensation) Improved Florist Strain

The original strain of this has become a favorite forcing variety. This new introduction is a vastly improved re-selected strain with large blooms of deep orange with a scarlet sheen, long stems and a free flowering habit.

Tr. Pkt. \$0.35, 1 Oz. \$1.50, 1/4 Lb. \$5.00

GAILLARDIA Grandiflora Goblin

There has long been a need of a dwarf compact Gaillardia. The neat plants of Goblin reach a height of about 12-15" and are closely covered with large shiny yellow bordered red flowers.

Tr. Pkt. \$0.50, 1 Oz. \$4.00

GYPSOPHILA Oldhamiana

A hardy variety, not really new but little known and used. Similar to paniculata but more erect and continuous flowering, bearing flowers into Autumn. The flowers open pale pink and deepen with age.

Tr. Pkt. \$0.25, 1 Oz. \$1.25

Field Grown Plants, \$1.50 per doz., \$10.00 per 100.

HARDY CARNATION WHITSUNTIDE

A remarkable new hardy carnation. Produces flowers 2 1/2 to 3 inches in diameter on sturdy 16 in. stems. The colors include many brilliant and rare shades. Seeds will produce 70-80 per cent double flowers, and the great advantage is that the plants will flower about three weeks earlier than the Dwarf Vienna.

Tr. Pkt. \$1.00

LARKSPUR Giant Imperial

The many introductions in this group show the intense interest that is shown in this valuable cut flower.

Blue Cockade. Beautiful new shade of rich lilac blue of close compact habit. Florets are fully double and closely spaced on long strong spikes.

Tr. Pkt. \$0.35, 1 Oz. \$1.75

White King. The finest white introduced in the past few years. The glistening white florets are extremely large, double and closely spaced on heavy cut spikes. Coming into flower about a week earlier than other Giant Imperial varieties this sort is destined to become the outstanding white Larkspur.

Tr. Pkt. \$0.35, 1 Oz. \$1.75

Coral King. A new color, blush pink with a strong suffusion of coral which deepens and gets richer as the flowers mature. Early flowering coming into bloom about the same time as the Stock Flowered Rosamond. The desirable color and long spikes should make it one of our most popular sorts.

Tr. Pkt. \$0.35, 1 Oz. \$1.75

GAILLARDIA GRANDIFLORA GOBLIN

Novelties are usually a good investment

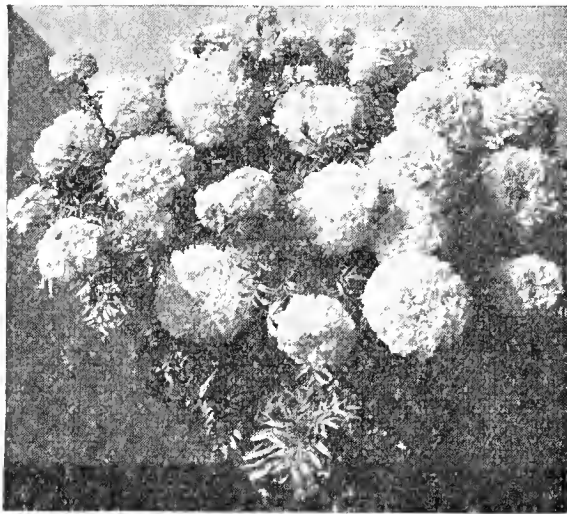

LILIUM PHILIPPINENSE FORMOSANUM

Giant Flowered Pure White Strain. A large flowering pure white strain of this popular lily that blooms in 6 to 8 months from seed. Requires some protection over winter. Excellent for pot culture and invaluable to cut. Tr. Pkt. \$0.50, 1/4 Oz. \$1.50, Oz. \$5.00

MARIGOLD

Gigantea Sunset Giants. This is a new departure in Marigolds. Extremely strong growing producing a heavy growth of foliage with immense flowers. Blooms well before frost in any climate. The flowers have a definitely sweet fragrance and are extremely large, averaging 5" and sometimes attaining 7 1/2". The color ranges from light primrose yellow to deep orange and the strain comes 60-65% double. An excellent cut flower that also offers possibilities as a pot plant.

Tr. Pkt. \$0.50, 1/4 Oz. \$1.25, Oz. \$4.00

PLANT OF MARIGOLD GIGANTEA SUNSET GIANTS

MARIGOLD

Golden Eagle. Closely related to the popular Guinea Gold, with the same habit height and form of flowers but a delightful luminous gold. The plants come 100% double, flower early and are without the usual Marigold odor.

Tr. Pkt. \$0.50, 1/4 Oz. \$1.00, Oz. \$3.50

MARIGOLD

Chrysanthemum Flowered Hybrids. Unique in having many new and distinct types of flowers varying in size of bloom from 2 to 4". Some resemble miniature Asters in orange and yellow, others are imbricated or quilled, all are excellent to cut.

Tr. Pkt. \$0.35, Oz. \$2.50

PETUNIA

All Double Dwarf Fringed. We call your particular attention to the three strains offered on page 12. The past few years have shown these to be one of the best selling Spring items, and good sized pot grown plants from seed sown in October and November find a ready sale in late winter.

Tr. Pkt. \$2.00, any three Pkts. \$5.00

PETUNIA—Continued

Dainty Lady. The new yellow single fringed Petunia especially effective when combined with one of the purple Petunias such as Viola cea or Elk's Pride.

Tr. Pkt. \$1.00, 1/64 Oz. \$2.50

Petunia Hybrida Flaming Velvet. Last year's sensational Gold Medal Winner. Rich velvety blood red flowers on semi-compact plants about 15" in height, absolutely uniform and with the flowers carried in great profusions.

Tr. Pkt. \$0.40, 1/8 Oz. \$1.25, Oz. \$4.00

TWO NEW COLORS IN COLUMN FORCING STOCK

Rose Carmine. A rich glowing color that is exceptionally brilliant under artificial light. Large double florets are closely spaced on a tall strong stem. The percentage of doubles is high, averaging about 65% and we believe every grower of Stocks will want to include it with his other colors.

1/2 Tr. Pkt. \$0.60, Tr. Pkt. \$1.00, 1/4 Oz. \$2.50, Oz. \$10.00

Violet. A rich deep violet blue. Grown in limited quantities this color will find many uses.

1/2 Tr. Pkt. \$0.60, Tr. Pkt. \$1.00, 1/4 Oz. \$2.50, Oz. \$10.00

PRIMULA

Veris Acaulis. Teicher's Giants. Illustrated on page 21. An excellent hardy plant for use in rockeries and bedding but especially valuable if used as a low priced pot plant. Finest mixed in a wide range of colors.

Tr. Pkt. \$0.75

PETUNIA LARGE FLOWERING DOUBLE FRINGED CHOICE MIXED

The New Dawn Climbing Rose blooms all Summer

NOVELTIES IN PLANTS

A fine list of the newer patented roses is offered on pages 25-26.

AQUILEGIA CRIMSON STAR. Everyone that has seen this striking variety has wanted it. Medium in height and growth the flowers are long stemmed, coppery crimson with a creamy white center.

Strong Plants. \$1.75 per doz., \$12.00 per 100
Seed. Tr. Pkt. \$0.50, 1/4 Oz. \$1.50, Oz. \$5.00

ARMERIA FORMOSA NEW LARGE FLOWERED HYBRIDS. Brilliant ball like heads of flowers in shades of pink, red, violet and purple on good stems for cutting.

Plants. \$2.00 per doz., \$15.00 per 100
Seed. Tr. Pkt. \$0.50

ASTER FRIKARTI—Wonder of Stafa. Not new by any means but not as well known as it should be. The plants are vigorous and make a rounded bush about 2-3 ft. in height. The single pale blue yellow centered flowers are about 2" in diameter and are produced on long stems suitable for cutting from August until October.

\$2.50 per doz., \$20.00 per 100

BUDDLEIA

Hartwegi. The most beautiful butterfly bush ever originated. The flower trusses are large and compact and of a bright rose lavender. The plant is vigorous in growth and very hardy with abundant foliage. An excellent midsummer cut flower. Spring delivery. 2 1/4 in. pots. \$3.50 per doz., \$25.00 per 100

CHRYSANTHEMUM MAXIMUM (Shasta Daisy). Esther Reed.

Produces snow-white fully double 4 in. blooms on 18 inch stems that resemble the Early Royal Aster. One of the outstanding things at the European shows and commented upon by every observer as having great possibilities for cutting. 2 1/4 in. pot plants.

Spring delivery \$5.00 per doz., \$45.00 per 100

DOUBLE DAISY WHITE SWAN. A hardy free flowering double white daisy with 18-24" slender wiry stems. Blooms under normal conditions for Memorial Day. An excellent hardy cut flower easy to force in a cool house.

\$2.00 per doz., \$15.00 per 100

GYPSOPHILA BODGERI. Bears sprays of double white flowers tinted pink. It blooms two weeks before Bristol Fairy and would be valuable for this reason alone. A Fall crop is also produced which opens much better than other double Gypsophila at that time. This item impressed us very favorably this past summer.

\$3.50 per doz., \$25.00 per 100

GYPSOPHILA

Rosenschleier (Rose Veil). A real pink free flowering double. Flowers are the size of Bristol Fairy and it blooms continuously until frost. Will take its place among the indispensable cut flowers. 2 1/2 in. pots. Spring delivery. \$3.50 per doz., \$25.00 per 100

GEUM

Fire Opal. 2 ft. Dazzling rich scarlet flushed orange. Flowers often 3 ins. across from May to October. Very hardy. \$2.00 per doz., \$15.00 per 100

GEUM—Continued

Princess Juliana. Splendid new hybrid with pure orange yellow flowers on long stems. Absolutely hardy. \$3.50 per doz., \$25.00 per 100

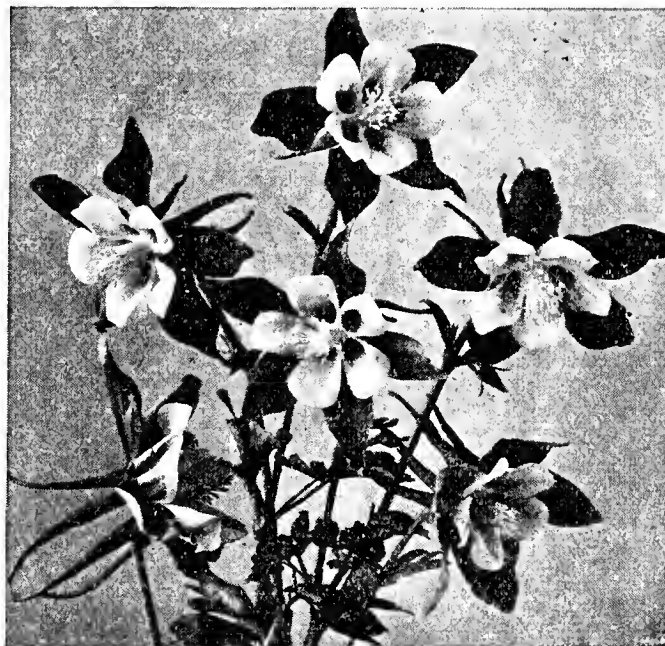

PHLOX

P. D. Williams. Large soft appleblossom pink blooms with darker center. Buds and backs of the petals are red. Grows compactly and retains its color all through the Summer and Fall. Makes a fine combination with Fall blooming blue Asters. \$3.50 per doz., \$25.00 per 100

Daily Sketch. A popular introduction of several years ago. Immense soft salmon pink blooms with a carmine eye are produced in large trusses on vigorous plants. Rapidly becoming a popular sort. \$2.00 per doz., \$15.00 per 100

PHLOX TIGRESS. The outstanding Phlox Novelty. Vigorous, upright growing, with immense trusses of brilliant orange scarlet flowers. The trusses are huge pyramids which are built up by long branched laterals giving an unusually long period of bloom.

\$2.50 per doz., \$25.00 per 100

AQUILEGIA LONG SPURRED CRIMSON STAR

PRIMULA VERIS ELATIOR TEICHER'S GIANT. Immense individual florets carried in large clusters on strong stems, 8-10" high. Unexcelled for Spring bedding and excellent for forcing in a cold house.

Strong field grown plants. \$1.50 per doz., \$10.00 per 100

Seeds Separate colors, white, yellow, red, pink, lilac, violet,

1/2 Tr. Pkt. \$0.65, Tr. Pkt. \$1.25
Mixed 1/2 Tr. Pkt. \$0.60, Tr. Pkt. 1.00

STATICE DUMOSA. An unusually attractive variety that blooms in June with dwarf flat heads of lavender pink blooms. Fine for the rockery and for cutting.

\$1.50 per doz., \$10.00 per 100

Many perennial plants are excellent for cut flowers

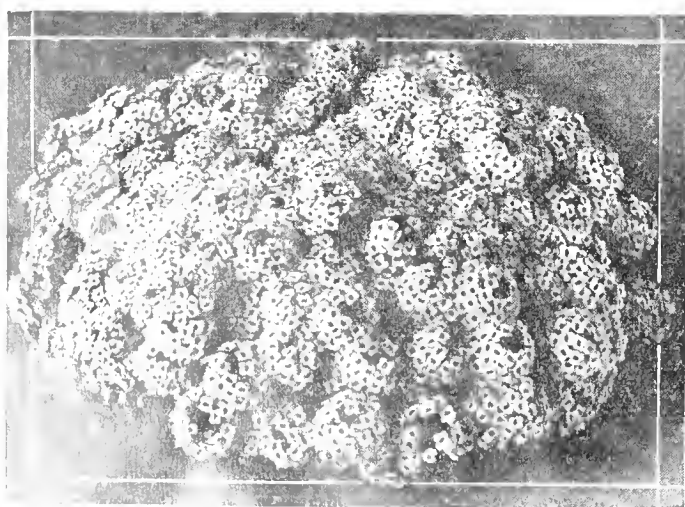

Annual Garden and Greenhouse Flower Seeds for the Florist

Gratifying have been the reports on the various seeds we supplied during the past year. The New Rustproof Snapdragons

Ever since the introduction of the Rustproof Snapdragon, seedsmen have been waiting for separate colors and classes. Tremendous strides have been made and it is predicted that with the introduction of these new rustproof strains, the Snapdragon will be one of the most popular flowers in America. Many will no doubt be useful in the greenhouse and all of them will make good outdoor cut flowers. An ounce contains approximately 150,000 seeds.

Lawn Grass Seeds

Good seeds are cheap at any price and nowhere does this hold good as much as with grass seeds. The various mixtures we offer have been proven over a long period of years. Price differences are largely due to the various types and species used in compounding the mixtures and each will be found to be of highest germinating power and free of weed seeds.

SUPERFINE EVERGREEN MIXTURE:

This is indeed a superfine lawn mixture including mixed Bents and White Clover. The fine grasses included in this mixture germinate and develop slowly but produce a beautiful permanent lawn when conditions are favorable.

\$0.60 lb.; 5 lb., \$2.50; \$8.00 per 20 lb.; \$35.00 per 100 lb.; \$325.00 per 1000 lb.

SUPERIOR LAWN SEED MIXTURE:

The result of skillful blending of various fine leaved grass seeds, including White Clover, producing a lawn of excellent quality and beauty enduring all season.

Peck, \$2.25; Bu. (20 lb.), \$8.00; 100 lb., \$30.00; 1000 lb., \$275.00.

SPLENDOR LAWN:

A moderately priced mixture containing White Clover that is capable of producing a satisfactory sod in a short time.

Peck, \$1.50; Bu. (20 lb.), \$5.50; 100 lb., \$21.00; 1000 lb., \$195.00.

SEASHORE FORMULA:

Composed of grasses that will thrive under adverse conditions, such as sand low in fertility and moisture, and intense heat.

Peck, \$2.25; Bu. (20 lb.), \$8.00; 100 lb., \$30.00; 1000 lb., \$285.00.

SHADY LAWN:

Blended of species that have been proven by test to best survive shaded and adverse conditions. This mixture is capable of producing a fine close knit turf under trees, in areaways, etc., where little sunlight is able to get through.

Peck, \$2.50; Bu. (20 lb.), \$8.50; 100 lb., \$33.00; 1000 lb., \$320.00.

LANDSCAPE:

A thoroughly recleaned, weed free mixture, excellent for a quick sod.

Bu. (20 lb.), \$4.00; 100 lb., \$17.00; 1000 lb., \$160.00.

WHITE DUTCH CLOVER:

Finest recleaned. Used in many of the above mixtures. Forms a thick mat of dwarf evergreen foliage.

\$0.40 lb.; 10 lb. \$3.75; 25 lb., \$9.00; 100 lb., \$35.00.

All the above grass seeds are offered F.O.B. New Brunswick.

We shall be pleased to quote on field seeds such as Soy Beans, Buckwheat, Oats, Timothy, Pasture Grass, etc.

All flower seeds are sent postpaid; 5% may be deducted for cash with seed orders.

We have listed only varieties that are most popular and conceded to be the best. We are prepared to obtain for you any seeds of varieties not listed.

Seeds are living organisms, controlled by factors often imperfectly understood by anyone. Generally speaking, if a proper medium is used in the seed flats and proper moisture and temperature are maintained, satisfactory germination should result. Every lot and variety is tested shortly before the season for its use. We do not use any seeds that do not show a satisfactory germination.

Poor germination may often be traced to a tight, heavy soil in the seed flat, improper watering, drying out at a

critical time, injury by insects or soil borne harmful bacteria or fungi. We offer on pages 44-45 a number of insect and disease remedies. Soil disinfection is a recognized practice among leading growers.

You will help us serve you better if you will let us know of any difficulties you may have with the seed we furnish you and you will find us always ready to co-operate with you for better success.

Every florist should grow Gypsophila Bristol Fairy

Roses

We recommend planting dormant roses in the Fall and very early Spring. Experience has shown that results with dormant plants are very uncertain after April 1st, and for that reason we offer potted roses only in our Spring list. Prices on this type of material are naturally higher but results are so superior, there is no question of value because the element of loss and complaint is practically eliminated.

Recent Introductions

(Please Note—The asexual reproduction of patented plants is reserved and strictly prohibited under the provisions of the Plant Patent Act.)

Important

Purchasers of Patented and Nationally advertised roses shall not list or sell them at less than the established price for the current season, and not less than three of a kind at the dozen rate. Nor include them in any collection offers, except in connection with other patented roses. Neither shall they be featured in any manner or form as a premium. Failure to comply with this policy will result in discontinuance of the supply.

THE NEW DAWN—Plant Patent No. 1

Awarded the Bloomfield Medal in 1935 by the American Rose Society as being the best new climbing rose.

The first truly hardy climbing rose that will give a continuous bloom from early summer until stopped by frost. The dark green foliage is ornamental at all times and practically immune to insects and disease. The good sized blooms are of exquisite form, delicate blush pink in color and are excellent for a cut flower because of their long stems and intense fragrance.

Sales have steadily increased each season since the introduction of THE NEW DAWN and it is a profitable and satisfactory item to handle.

Stachelin. Large double pale pink.

NOTE

The patented roses in this list are sold for resale at retail only unless special license to rewholesale has been granted by the patent holders.

Packaged roses during the past few years have been extensively sold in many places. They are reasonably satisfactory for the purpose for which they were intended but cannot really compare in value to a fresh dug dormant rose or one growing with its roots in soil. This latter type of rose costs slightly more but discriminating buyers are learning that they are the cheapest in the long run.

Multijuga Rosea. Pink, long flowered Japanese Wisteria. Clusters often 3 ft. and longer \$1.50 each

Sinensis (Chinese Wisteria). The old favorite producing thousands of clusters of violet blue blossoms. \$0.75 each 7.50

Alba (White Chinese Wisteria). Similar to the above except the flowers are pure white \$0.75 each 7.50

Visiting the average garden, one is often impressed that the use of hardy vines has been very much neglected. Vines carry the green and color of the garden and tie up with the trees, house and sky line. Unsightly objects are quickly and pleasingly screened by the use of a vine.

When considering climbing plants, do not overlook the climbing roses. Many are attractive for their glossy foliage and with the everblooming climber, **THE NEW DAWN**, flowers will add to the beauty all summer.

Blaze, Golden Dream, Birdie Blye, are also sorts that will give midsummer and Fall bloom.

The use of annual vines is also an item that can be made to yield a profit. The Moonvine with its large white blossoms, Ipomea, Heavenly Blue and Nasturtiums are but a few of the more popular items that are easily grown in pots for Spring sales and bring a good price for the work involved.

Hardy Perennials and Rock Plants

Interest in hardy perennials is constantly increasing. Garden magazines and Garden Clubs are spreading the knowledge of the choicer items. The reasonable price at which most plants are sold is also a big factor in creating a demand that means profit to you.

Many items are valuable cut flowers and they usually bloom at a time when greenhouse material is scarce. A planting of cut flower items will repay many times its original cost, with the natural increase available for resale.

NEW DWARF GIANT FLOWERING SALPIGLOSSIS

This type grows about 12-18 in. shorter than the Emperor and is more easily grown than the older strains. It produces stems about 2 ft. in length, each heavily set with flowers which are excellent for cutting. It was given a high rating in the New York Florist Club's Variety Test at the New Jersey Agricultural Experiment Station and was especially recommended for growth under cloth. Also excellent for bedding outdoors where the plants will grow from 25 to 35 inches high.

Separate colors: Blue and Gold; Deep velvety Crimson; Lilac with Red Throat; Bright Scarlet.

Tr. Pkt. \$0.35; 1/4 Oz. \$1.00

Our introductions - Column Stock, Rose Carmine and Violet are worthy of a trial.

A fine list of this important cut flower will be found on pages 15 and 16. The most popular are Column Silver Lilac and Giant of Calif. Santa Maria (White).

NEW COLLARETTE MARIGOLD

1937 All American Gold
Winner for Best New Flower

Grows 2 ft. high and bears an abundance of showy bright golden orange blooms surrounded by a collar of larger pendant petals. The foliage is entirely without the usual Marigold odor and the flowers are sweet scented.

This will be highly publicized this season and you will be sure to have calls for plants. It is also a promising cut flower item.

Tr. Pkt. \$0.50; 1/4 Oz. \$2.00

Our strains of Petunia are the best we can find. A complete list will be found on pages 12 to 14.

PETUNIA MARTHA WASHINGTON

STOCK COLUMN

PLANT OF ASTER EARLY ROYAL

We handle Bodger's Asters exclusively. The past season we received many compliments on the seed we supplied.

BEGONIA WESTPORT BEAUTY

The new double flowered pink that has created such a sensation wherever shown. The tender soft green foliage shows off the flowers to advantage. No restrictions.

All orders filled in rotation.

2 1/4 in. pots, \$30.00 per 100; \$250.00 per 1000

(Note: As this is being sold without restrictions and at a very reasonable price, the introducers will accept no orders for less than 50 plants.)

NEW CHRYSANTHEMUM—TOUCHDOWN

A vigorous pompon type with 1 1/2-2 in. globular pure white flowers arranged loosely along the stem. Matures late October and early November. Considered by experts to be the best of its class for its maturing date and recommended as excellent for shading.

The uniform development and graceful arrangement of the flowers make this an outstanding sort. It received much favorable comment from both store men and growers at the Florists' Convention held at Rutgers' University in October, 1936.

\$12.00 per 100

NEW CHRYSANTHEMUM—WHITE ANEMONE

A large pure white anemone type, superior to all others because of its snowy white cushion, size of flower, perfect spray formation and its numerous rows of glistening white guard petals. A strong grower with flowers 4 in. in diameter when grown in sprays, much larger when disbudded. Matures late October, early November and is excellent for shading.

R. C. 25 for \$4.00; 100 for \$15.00; \$140.00 per 1000

NEW CHRYSANTHEMUM—EARLY YELLOW

A golden yellow sport of Early Bronze and identical to its parent in every respect except color. True pompon type flower 1 1/2 in. in diameter. Medium height. Blooms second week of September. Excellent pot plant and is equally good cut. When grown outdoors will over winter in a well drained location.

R. C. 25 for \$5.00; 100 for \$18.00
